**University of California, Berkeley** — Berkeley, CA
*Master of Business Administration (MBA), Business Administration and Management* — *Jul 2024 – Jun 2026*

**Purdue University** — West Lafayette, IN
*Bachelor of Science in Information Technology (GPA: 3.8)* — *2019 – 2021*

**University of Washington** — Seattle, WA
*B.S. in Computer and Information Systems Security / Information Assurance (GPA: 3.6)* — *Sep 2018 – May 2019*
*General Studies (GPA: 3.9)* — *Sep 2013 – May 2014*

## EXPERIENCE

**C Robotics** — San Francisco Bay Area, CA
*Founder* — *Jan 2026 – Present*

- Built a 7-stage closed-loop Physical AI pipeline (Deploy, Teleop & Takeover, Collect, Clean, Calibrate, Train, Re-deploy).
- Engineered a 15 Hz dual-RealSense 3D ESDF world-state engine (4.8 ms latency, occlusion tracking, and 15 cm safety gate).
- Trained a $\pi_{0.5}$ picking policy (632 demos, 93% success) and a glass-wiping Diffusion Policy (300 demos) with a Touch haptic stylus.
- Used compliant takeover to train 50 Hz residual models alongside zero-manual-label edge vision (0.46 ms TRT) and 90 Hz VR HUD.

**WeyLink AI** — San Francisco Bay Area, CA
*Co-Founder* — *Jul 2024 – Dec 2025*

- Pivoted from an AI ERP concept to a modular B2B AI integration & workflow platform, reaching ~$250K in 2025 revenue.
- Built closed-loop backend infrastructure to ingest client data, run AI extraction, and push structured outputs into legacy systems.
- Parsed unstructured English emails and bilingual freight/customs PDFs into structured tables and automated validation reports.
- Worked on-site at factories ($200K 7-module operations platform) and logistics offices to write PRDs and deploy automated workflows.

**SummerFarm** — Hangzhou, Zhejiang, China
*Head of Oversea Market* — *May 2024 – Jul 2024*

- Planned and executed overseas market-entry and cross-border supply chain expansion efforts, starting with the U.S. market.

*Director of Operations* — *Jun 2022 – May 2024*

- Led Northern China expansion, building a logistics and warehouse network for 20,000+ customers ($20M regional revenue).
- Partnered with the CEO and COO to optimize fulfillment efficiency, reduce operational costs, and align supplier-customer operations.

*Product Manager* — *Aug 2021 – Jun 2022*

- Jointly proposed and launched the smart procurement and demand management SaaS platform with the CTO for foodservice merchants.

**CampusTutor** — Seattle, WA
*Co-Founder & Developer* — *Mar 2014 – May 2017*

- Built a campus peer-to-peer tutoring web platform from scratch featuring course-specific search, booking, and Stripe/PayPal payments.

## RESEARCH & SELECTED PROJECTS

**Central University of Finance and Economics** — Beijing, China (Remote)
*Research Assistant (Part-time)* — *Jun 2023 – Sep 2023*

- Researched big data analytics in food supply chain infrastructure to minimize logistics cost and food waste from farms to consumers.

**Independent Software & Hardware Builds** — San Francisco Bay Area, CA
*Creator — Forecast Runner, Tooth Quest, EmojiBoard* — *2025 – 2026*

- Shipped *Forecast Runner* (TimesFM + ARIMA+ forecasting), *Tooth Quest* (mobile habit app), and *EmojiBoard* (BLE LED wearable).

## SKILLS & ADDITIONAL INFORMATION

**Robotics & AI:** $\pi_{0.5}$ / VLA Post-Training, LeRobot, 250 Hz Compliant Control, PyTorch, TensorRT, Stereo Vision, OpenXR, LLM Agents

**Product & Operations:** B2B SaaS, ERP / BOM / MES Architecture, Logistics & Cold-Chain Operations, Demand Forecasting

**Technical & Languages:** Python, TypeScript, React / React Native, SQL, Stripe, QuickBooks | English (Fluent), Mandarin (Native)
